

# Valves

## Model 5851LF

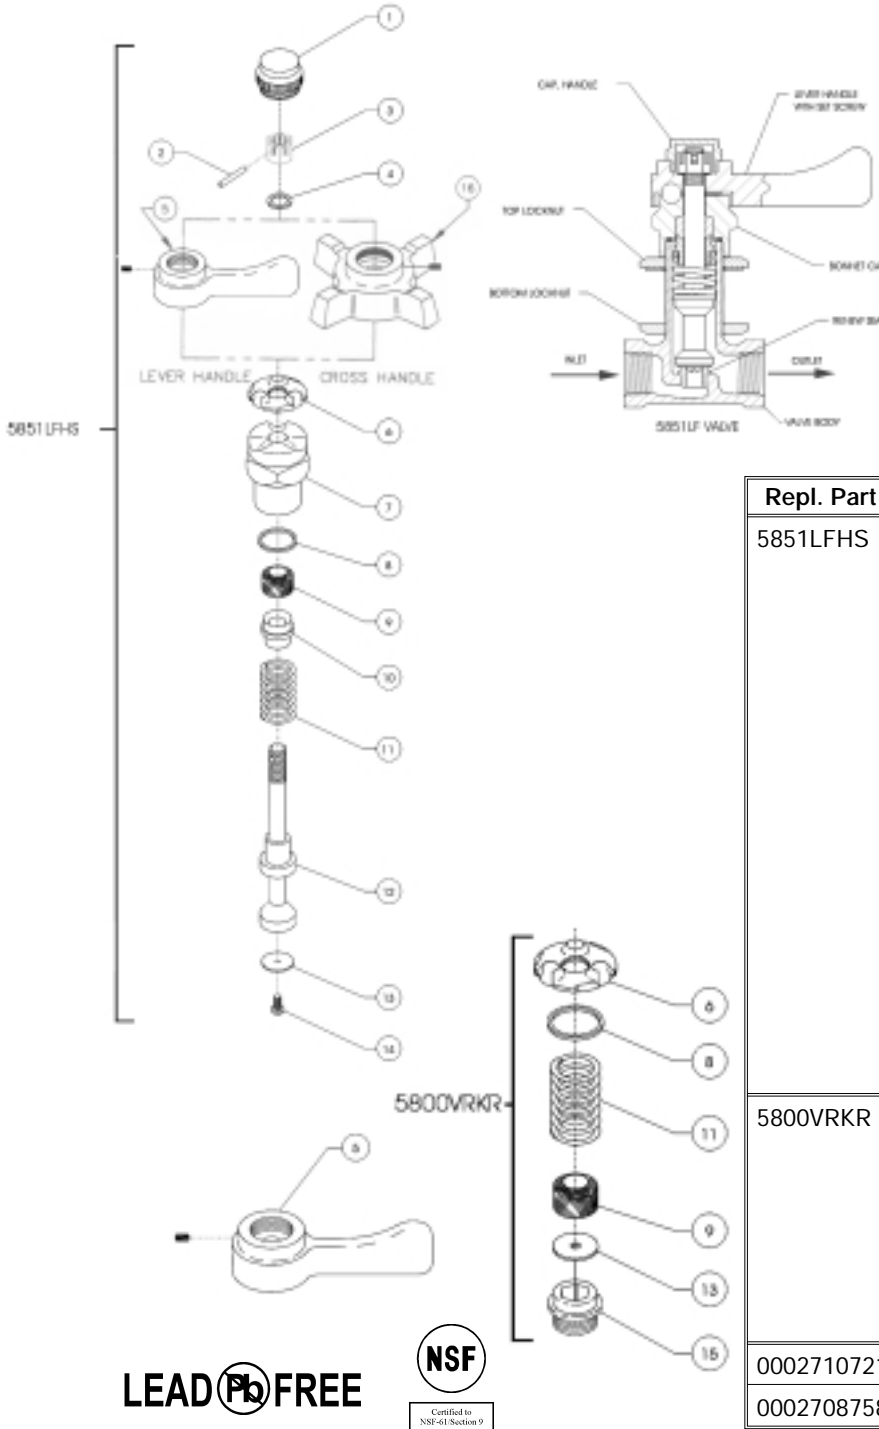

Lead free polished chrome plated, panel mounted, self-closing, lever handle valve with rough brass body and vandal resistant handle. This valve exceeds the standards of the Safe Drinking Water Act and Lead Contamination Control Act. All components in the waterway contain less than 0.1% lead. Dimensions: wall thickness maximum, 1"; size of hole required, 1 1/16" diameter. 3/8" NPT(F) inlet and outlet. Replaces Models 5850, 5855 and 5856.

## Model 5851LFX

Same as above but with polish chrome plated 4 arm handle.

### Service Instructions for Models 5851LF & 5851LFX:

To repair these valves order the 5800VRKM or 5851HS handle and stem assembly. Valves has no stream adjustment and require a flow control, see page 32.
